hydropneumatic self-levelling suspension system; then the revolutionary DS, the first mass-produced car with modern disc brakes, in 1955. In 1967, swiveling headlights

Citroën (French pronunciation: [sitʁɔɛ̃]) is a French automobile company. The "Automobiles Citroën" manufacturing company was founded on 4 June 1919 by André Citroën. Citroën has been owned by Stellantis since 2021 and previously was part of the PSA Group after Peugeot acquired 89.95% share in 1976. Citroën's head office is located in the Stellantis Poissy Plant in Saint-Ouen-sur-Seine since 2021 (previously in Rueil-Malmaison) and its offices studies and research in Vélizy-Villacoublay, Poissy (CEMR), Carrières-sous-Poissy and Sochaux-Montbéliard.

In 1934, the firm established its reputation for innovative technology with the Traction Avant. This was the world's first car to be mass-produced with front-wheel drive and four-wheel independent suspension, as well as unibody construction, omitting...

Conservation and restoration of road vehicles

automotive repair. The highest quality level, generally unobtainable for the amateur restorer, is the Concours d'Élegance level; these are cars that are

Conservation and restoration of road vehicles is the process of restoring a vehicle back to its original working condition. Vehicles, whether partially scrapped or completely totaled, are typically restored to maintain their roadworthiness or to preserve those with antique status for use as showpieces.

Bus preservation groups aim to purchase buses of various eras to restore them to their original operating condition. Buses are often restored to the original authentic livery of their original owner.

Restoration means removing, replacing, or repairing the parts of a vehicle, while preservation means keeping the original components. Though automotive restoration is commonly defined as the reconditioning of a vehicle "from original condition in an effort to return it to like-new or better condition...

Citroën CX

customers beyond the loyal DS customer base and used the technology of Citroën's advanced grand touring personal luxury car, the SM. Unlike its principal

The Citroën CX is a large, front-engined, front-wheel-drive executive car/luxury car manufactured and marketed by Citroën from 1974 to 1991. Production models were either a standard wheelbase or a stretched, more luxurious, four-door fastback saloon, as well as a station wagon (estate), on the longer wheelbase. The CX is known for its hydropneumatic self-leveling suspension system (continued and improved from its DS predecessor), and its (at the time) low 0.36 drag coefficient, normally noted as a vehicle's

in French. Restyled as 'CX', the model name underscored this.

Voted the 1975 European Car of the Year, the CX has been described by some enthusiasts as the last...

Citroën C4 Picasso

some other languages (formerly the Citroen C4 Picasso), is a five-seater car produced by French manufacturer Citroën with a seven-seater version called

The Citroën C4 SpaceTourer (formerly the Citroën C4 Picasso), also spelled Citroen C4 SpaceTourer in some other languages (formerly the Citroen C4 Picasso), is a five-seater car produced by French manufacturer Citroën with a seven-seater version called the Grand C4 SpaceTourer (formerly the Grand C4 Picasso) also available. It has a five-door compact multi-purpose vehicle (MPV) bodystyle. The seven seat Grand C4 Picasso made its debut first, at the Paris Motor Show in September 2006, with the five seat version following in January 2007.

The first-generation C4 Picasso and Grand C4 Picasso were designed by Donato Coco for the French manufacturer Citroën and share the same platform and engines with the Citroën C4 and the Peugeot 307.

Both the C4 Picasso and Grand C4 Picasso are produced at the...

Need for Speed: ProStreet

races favour cars with high top speeds and stability. Cars can be damaged or completely totalled in accidents, and the player must often repair them with

Need for Speed: ProStreet is a 2007 racing video game developed by EA Black Box and published by Electronic Arts. It is the eleventh installment in the Need for Speed series and a follow-up to Need for Speed: Carbon (2006). Unlike its immediate predecessors, which focused on the contemporary illegal street racing scene, ProStreet focuses on legal circuit races that take place on closed tracks. The game blends elements of both sim and arcade racing games, requiring players to customize and tune cars for various race modes. Most races take place in real-world locations such as the Portland International Raceway, Mondello Park, and Autopolis.

Developed over the course of almost two years, ProStreet was conceived by the same team who led the production of Need for Speed: Most Wanted. It is the...

Professor Layton and the Diabolical Box

part, or entering the answer through character recognition on the Nintendo DS's touchscreen. If the player is correct, the picarats are added to their total

Professor Layton and the Diabolical Box, known in Australia and Europe as Professor Layton and Pandora's Box, is the second game in the Professor Layton series by Level-5. It was followed by a third game, Professor Layton and the Unwound Future. The game follows Professor Layton and his self-proclaimed apprentice Luke as they travel cross-country by train to solve the mystery behind a mysterious box that is said to kill anyone who opens it. An enhanced mobile port of Diabolical Box, subtitled "HD for Mobile", was released on December 5, 2018.

Citroën Traction Avant

ceased production in 1956, one year after the arrival of the DS. Right-hand drive cars were built at Slough Trading Estate, England. The Slough version

The Citroën Traction Avant (French pronunciation: [tʁaksjɔna'vɑ̃]) is the world's first mass-produced, semi-monocoque bodied, front-wheel drive car. A range of mostly four-door saloons and executive cars, as well as longer wheelbased "Commerciale", and three row seating "Familiale" models, were produced with four- and six-cylinder engines, by French carmaker Citroën from 1934 to 1957. With some 760,000 units built, the Traction Avants were the first front-wheel drives made in such (six-figure) quantity.

Whilst front-wheel drive and four-wheel independent suspension had been established in production cars by Auto Union, and subsequently by others a few years prior – the Traction Avant pioneered integrating these into a mass-production car with a crash resistant, largely unitary, monocoque body...

Top Gear challenges

the African Cheap Car Road Trip have had a back-up car made available for any presenter whose car breaks down and cannot be repaired. The back-up vehicle

Top Gear challenges is a segment of the Top Gear television programme where the presenters are tasked by the producers, or each other, to prove or accomplish various tasks related to vehicles.

Porsche 911

Foundation's Car of the Century competition, trailing mass market cars: Ford Model T, BMC Mini, Citroën DS, and Volkswagen Beetle. In 2004, Sports Car International

The Porsche 911 model series (pronounced Nine Eleven or in German: Neunelf) is a family of German two-door, high performance rear-engine sports cars, introduced in September 1964 by Porsche AG

of Stuttgart, Germany. Now in its eighth generation, all 911s have a rear-mounted flat-six engine, and usually 2+2 seating, except for special 2-seater variants. Originally, 911s had air-cooled engines, and torsion bar suspension, but the 911 has been continuously enhanced, and evolved across generations. Though the 911 core concept has remained largely unchanged, water-cooled engines were introduced with the 996 series in 1998, and front and rear suspension have been replaced by Porsche-specific MacPherson suspension up front, and independent multi-link rear suspension.

The 911 has been raced extensively...

Pichon-Parat

conversion for the Citroën DS/ID that appeared in 1964 — three years ahead of Citroën's own "Nouveau visage" restyling of the car. In the mid-1960s, Panhard

Pichon-Parat was a French carrosserie based in the commune of Sens, in the department of Yonne. Established in 1952, it was known for producing custom cabriolet, coupé, estate car, and shooting brake conversions of established models from major automakers, and for building their own distinctive sporting models with completely original bodywork.
