Astrology, Karma & Transformation

Based on teachings from the Kadampa Buddhist Tradition, Modern Buddhism is a special presentation that communicates the essence of the entire path to liberation and enlightenment in a way that is easy to understand and put into practice.

Modern Buddhism

The Reenchantment of the World is a perceptive study of our scientific consciousness and a cogent and forceful challenge to its supremacy. Focusing on the rise of the mechanistic idea that we can know the natural world only by distancing ourselves from it, Berman shows how science acquired its controlling position in the consciousness of the West. He analyzes the holistic, animistic tradition--destroyed in the wake of Scientific Revolution of the sixteenth and seventeenth centuries--which viewed man as a participant in the cosmos, not as an isolated observer. Arguing that the holistic world view must be revived in some credible form before we destroy our society and our environment, he explores the possibilities for a consciousness appropriate to the modern era. Ecological rather than animistic, this new world view would be grounded in the real and intimate connection between man and nature.

As beginners in the study of Theosophy ask numerous questions, an attempt has been made in this book to present the broad teachings of Theosophy in a systematic way in the form of questions and answers. The material collected here is drawn from over hundred books and pamphlets, mainly the works of that wonderful occultist, Bishop Charles Leadbeater, and the famous President of the Theosophical Society, Dr. Annie Besant. The purpose of this book is to make the study of Theosophy a little easier in its elementary stage, before more advanced and comprehensive books, dealing with abstruse and metaphysical questions, are taken up for study.

Astrology for Lovers

The New York Times–bestselling author’s classic guide to astrology: “What makes Sun Signs different is that much of the writing is done with humor” (The Boston Globe). Before 1968, astrology as we know it had a very limited following in the United States and around the world. The publication of Linda Goodman’s Sun Signs changed that forever. Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman’s Sun Signs quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book’s simple organizational technique made it easy for

everyone to follow and understand themselves and others, sign-by-sign. This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

Spiritual Warrior: Conquering the enemies of the mind

Is life simple, once we understand how it works, or is it so complicated only a nuclear physicist could understand it? The authors claim that life is simple, but only if we accept what we encounter with equanimity and are willing to replace old ideas with new ones that make more sense. Attachment, resistance, and emotional reactions are what make life difficult. Is there a personal God? Does Satan exist? Do politics have a role in the spiritual development of our world? What part does sex play in our spiritual development? This is not a \"safe\" book. The authors have answers for all these questions and more, but not all readers will agree with them. And that is as it should be, according to them. Their concepts of how life works, based on Ancient Wisdom teachings, will make you analyze, ponder over, and re-assess your entire belief system. The overall message is one of assurance. As one reader said, \"It gave me hope. I never considered myself a spiritual person until I read this book.\" What is our purpose as humans? To become perfect. Perfection means graduating from the human realm to that of the Adepts or Mahatmas, becoming members of the Spiritual Hierarchy. Have you ever wished for a manual on how life works? You have found it. For some, perfection will come within a relatively short time. For others, in the far distant future. The choice is yours.

THEOSOPHY EXPLAINED

Green Darkness is the story of a great love, a love in which mysticism, suspense, and mystery form a web of good and evil forces that stretches from Tudor England to the England of the twentieth century. The marriage of the Englishman Richard Marsdon and his young American wife, Celia, slowly turns tragic as Richard withdraws into himself and Celia suffers a debilitating emotional breakdown. A wise mystic realizes that Celia can escape her past only by reliving it. She journeys back four hundred years to her former life as the servant girl Celia de Bohun during the reign of Edward VI and to her doomed love affair with the chaplain Stephen Marsdon. Although Celia and Stephen can't escape the horrifying consequences of their love, fate (and time) offer them another chance for redemption.

Occult Meditations

A guide to the Tibetan Buddhist practice of lojong meditation—or mind training—as a way to pause, reflect, and discover the true meaning and value of life. In this society, with its hurly-burly pace demanding of our time, it is ever so easy to let life slip by. Looking back after ten, twenty, thirty, years—we wonder what we have really accomplished. The process of simply existing is not necessarily meaningful. And yet there is an unlimited potential for meaning and value in this human existence. The Seven-Point Mind Training is one eminently practical way of tapping into that meaning. At the heart of the Seven-Point Mind Training lies the transformation of the circumstances that life brings us, however hard as the raw material from which we create our own spiritual path. The central theme of the Seven-Point Mind Training is to make the liberating passage from the constricting solitude of self-centeredness to the warm kinship with others which occurs with the cultivation of cherishing others. This Mind Training is especially well-suited for an active life. It helps us to reexamine our relationships—to family, friends, enemies, and strangers—and gradually transform our responses to whatever life throws our way

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Edgar Cayce on Reincarnation

Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, *Sacred Contracts* is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.
