

Toyota 3l Engine Repair Manual

Toyota L engine

four-cylinder diesel engines manufactured by Toyota, which first appeared in October 1977. It is the first diesel engine from Toyota to use a rubber timing

The L family is a family of inline four-cylinder diesel engines manufactured by Toyota, which first appeared in October 1977. It is the first diesel engine from Toyota to use a rubber timing belt in conjunction with a SOHC head. Some engines like the 2L-II and the 2L-T are still in production to the present day. As of August 2020, the 5L-E engine is still used in Gibraltar in the fifth-generation Toyota HiAce, eighth-generation Toyota Hilux, second-generation Toyota Fortuner, and fourth-generation Toyota Land Cruiser Prado. Vehicles with the diesel engine were exclusive to Toyota Japan dealership locations called Toyota Diesel Store until that sales channel was disbanded in 1988.

Toyota Hilux

The Toyota Hilux (Japanese: トヨタハイラックス, Hepburn: Toyota Hairakkusu), stylised as HiLux and historically as Hi-Lux, is a series of pickup trucks produced

The Toyota Hilux (Japanese: トヨタハイラックス, Hepburn: Toyota Hairakkusu), stylised as HiLux and historically as Hi-Lux, is a series of pickup trucks produced and marketed by the Japanese automobile manufacturer Toyota. The majority of these vehicles are sold as a pickup truck or cab chassis, although they could be configured in a variety of body styles.

The pickup truck was sold with the Hilux name in most markets, but in North America, the Hilux name was retired in 1976 in favor of Truck, Pickup Truck, or Compact Truck. In North America, the popular option package, the SR5 (Sport Runabout 5-Speed), was colloquially used as a model name for the truck, even though the option package was also used on other Toyota models, like the 1972 to 1979 Corolla. In 1984, the Trekker, the wagon version of the...

Toyota Corolla (E140)

version was launched in April 2011. The XLi is offered with Toyota's 85 hp, 1.3L 2NZ-FE engine. Pakistan was the only market to use the 2NZ-FE in the Corolla

The Toyota Corolla (E140/E150) is the tenth generation of cars marketed by Toyota under the Corolla nameplate. The Toyota Auris replaced the Corolla hatchback in Japan and Europe, but remained badged as a "Corolla" in Australia and New Zealand.

The chassis of the E140 is based on the Toyota MC platform, with the E150 model deriving from the New MC platform. In other words, the Japanese market E140 carried its MC platform over from the previous E120. The versions sold in the Americas, Southeast Asia and the Middle East are based on the widened edition of this platform. Models sold in Australia, Europe and South Africa used the more sophisticated New MC underpinnings, and were thus designated as E150. The wide-body E150 was first released in China and Europe in early 2007, while the wide-body...

Toyota 4Runner

Warriors. Popular Mechanics. September 1986. pp. 74–78, 114. Toyota trucks, 1970–88 Repair Manual. Radnor, Pennsylvania: Chilton Book Company. 1994. ISBN 0-8019-8578-1

The Toyota 4Runner is an SUV manufactured by the Japanese automaker Toyota and marketed globally since 1984, across six generations. In Japan, it was marketed as the Toyota Hilux Surf (Japanese: トヨタ・ハイラックスサーフ, Hepburn: Toyota Hairakkususāfu) and was withdrawn from the market in 2009. The original 4Runner was a compact SUV and little more than a Toyota Hilux pickup truck with a fiberglass shell over the bed, but the model has since undergone significant independent development into a cross between a compact and a mid-size SUV. All 4Runners have been built in Japan at Toyota's plant in Tahara, Aichi, or at the Hino Motors (a Toyota subsidiary) plant in Hamura.

The name "4Runner" was created by copywriter Robert Nathan with the Saatchi & Saatchi advertising company as a play on the term "forerunner..."

Toyota Land Cruiser

the 2,259 cc (2.3 L), 4-cylinder Type C engine from the Toyota Model AE sedan coupled to a three-speed manual transmission and a two-speed transfer gearbox

The Toyota Land Cruiser (Japanese: トヨタランドクルーザー, Hepburn: Toyota Rando-Kurūzā), also sometimes spelt as LandCruiser, is a series of four-wheel drive vehicles produced by the Japanese automobile manufacturer Toyota. It is Toyota's longest running series of models. As of 2019, the sales of the Land Cruiser totalled more than 10 million units worldwide.

Production of the first generation of the Land Cruiser began in 1951. The Land Cruiser has been produced in convertible, hardtop, station wagon and cab chassis body styles. The Land Cruiser's reliability and longevity have led to huge popularity, especially in Australia, where it is the best-selling body-on-frame, four-wheel drive vehicle. Toyota also extensively tests the Land Cruiser in the Australian outback – considered to be one of the toughest...

Toyota Land Cruiser (J70)

The 70 Series is a family of Toyota Land Cruiser models produced since 1984. It replaced the 25-year-old 40 Series as the off-road model of the Land Cruiser

The 70 Series is a family of Toyota Land Cruiser models produced since 1984. It replaced the 25-year-old 40 Series as the off-road model of the Land Cruiser lineup, while the contemporary 60 Series developed into more comfortable luxury SUVs starting with the 80 Series. Despite major changes in styling and numerous technological updates, the 70 Series was designed to retain the off-road capabilities and durability associated with the 40 Series.

Fiat Linea

Linea is there available with a 1.4L Fire petrol engine 90 PS (66 kW; 89 hp), and 1.3L Multijet diesel engine of 93 PS (68 kW; 92 hp). In 2009, the Linea contains

The Fiat Linea (Type 323) is a compact sedan produced by Fiat between 2006 and 2018. The sedan was released on 26 March 2007 at the Tofaş plant in Bursa, Turkey as a "world car" in developing countries. It is based on the Fiat Grande Punto. The Linea was designed by Fiat Style Centre and co-developed by Tofaş (joint venture between the Fiat Group and Koç Holding) and Fiat do Brasil. Production in Turkey ended in 2016.

Aston Martin AMR1

Mans. The AMR2 combined the chassis of the AMR1, a newer and more powerful 6.3L Version III V8, and an evolved,

more aerodynamic body design. The AMR2 was

The Aston Martin AMR1 was a Group C formula racing car developed in 1989 for car manufacturer Aston Martin. It participated in the 1989 World Sports Prototype Championship and 1989 24 Hours of Le Mans.

Honda Odyssey (international)

slightly smaller dimensions and a smaller 2.3L engine, models with more options as well those with the 3.0L V6 engine featured slightly larger bumpers and chrome

The Honda Odyssey (Japanese: オデッセイ, Hepburn: Honda Odessei) is a minivan manufactured by Japanese automaker Honda since 1994, marketed in most of the world and currently in its fifth-generation.

The Odyssey had originally been conceived and engineered in Japan, in the wake of the country's economic crisis of the 1990s, which in turn imposed severe constraints on the vehicle's size and overall concept, dictating the minivan's manufacture in an existing facility with minimal modification. The result was a smaller minivan, in the compact MPV class, that was well received in the Japanese domestic market but less well received in North America. The first generation Odyssey was marketed in Europe as the Honda Shuttle.

Subsequent generations diverged to reflect market variations, and Honda built...

Ford Fusion (Americas)

2006–2009: The S was the base model, including the 2.3L Duratec I4 engine, with either an automatic or manual transmission available, an AM/FM stereo with single-disc

The Ford Fusion is a mid-size car that was manufactured and marketed by the Ford Motor Company. From the 2006 through 2020 model years, two generations of the Fusion have been produced in gasoline, gas/electric hybrid, and gas/plug-in electric hybrid variants. The Fusion was manufactured at Ford's Hermosillo Stamping and Assembly plant in Sonora, Mexico, alongside the Lincoln MKZ, and formerly the Mercury Milan, both of which share its CD3 platform.

Production on the first Fusions began on August 1, 2005. The Fusion replaced the Mondeo for the Latin American markets, except in Argentina (where the current European Mondeo is available); in the United States and Canada it

superseded the then mid-size Taurus and the compact Contour. The Fusion is positioned between the compact Ford Focus and the...
