The Second Edition has been made even more accessible and engaging with a streamlined narrative, expanded visuals, added coverage on the culture of daily life, and NEW History Skills Tutorials.

America

The best-selling storytelling approach with tools that develop history skills

America

Printed in color. U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

America

The best-selling narrative history that students love to read

U.S. History

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights,

racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

America: a Narrative History, 11th Edition (Volume 2)

A valuable resource for review, this Study Guide contains a broad selection of short-answer and essay questions, as well as chronologies. Used by over one million students, *America: A Narrative History* is one of the most successful American history textbooks ever published. Maintaining the features that have always distinguished this classic text--lively and accessible narrative style, a keen balance of political with social and cultural history, and exceptional value--the Seventh Edition introduces a completely redesigned, full-color layout complemented by eye-catching maps and enhanced pedagogy. The Seventh Edition also introduces the new theme of environmental history. Carefully integrated throughout, this theme adds illuminating perspectives on how Americans have shaped--and been shaped by--the natural world.

A People's History of the United States

This two-volume illustrated history of the United States covers the first civilizations in North America to the twenty-first century and includes Backstory features on lesser known corners of history, Opinion debates on historical topics, Point of View historians' insights on key issues, and Then and Now comparisons of cultural artifacts from past and present.

America

The flagship title of the certification suite from the American College of Sports Medicine, ACSM's Guidelines for Exercise Testing and Prescription is a handbook that delivers scientifically based standards on exercise testing and prescription to the certification candidate, the professional, and the student. The 9th edition focuses on evidence-based recommendations that reflect the latest research and clinical information. This manual is an essential resource for any health/fitness and clinical exercise professional, physician, nurse, physician assistant, physical and occupational therapist, dietitian, and health care administrator. This manual give succinct summaries of recommended procedures for exercise testing and exercise prescription in healthy and diseased patients.

Religion in America

This popular classic text chronicles America's roller-coaster journey through the decades since World War II. Considering both the paradoxes and the possibilities of post-war America, Chafe portrays the significant cultural and political themes that have colored our country's past and present, including issues of race, class, gender, foreign policy, and economic and social reform. He examines such subjects as the Vietnam War, the Civil Rights movement, the origins and the end of the Cold War, the culture of the 1970s, the Reagan years, the Clinton presidency, and the events of September 11th and their aftermath. In this edition, Chafe provides an insightful assessment of Clinton's legacy as president, particularly in light of his impeachment, and an entirely new chapter that examines the impact of two of America's most pivotal events of the twenty-first century: the 2000 presidential election turmoil and the September 11th terrorist attacks. Chafe puts forth an excellent account of George W. Bush's first year as president and also covers his subsequent role as a world leader following his administration's declared war on terrorism. The completely revised epilogue and updated bibliographic essay offer a compelling and controversial final commentary on America's past and its future. Brilliantly written by a prize-winning historian, the fifth edition of *The Unfinished Journey* is an essential text for all students of recent American history.

America's History: Since 1865

The best collection of primary sources--at the best price

The History of British India

Looking across more than three centuries of want and prosperity, war and peace, Shi introduces a rich cast of practitioners and proponents of the simple life, among them Thomas Jefferson, Henry David Thoreau, Jane Addams, Scott and Helen Nearing, and Jimmy Carter.

America a Narrative History Volume 1 Ebook Folder

At Canaan's Edge concludes America in the King Years, a three-volume history that will endure as a masterpiece of storytelling on American race, violence, and democracy. Pulitzer Prize-winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King, Jr., earned a place next to James Madison and Abraham Lincoln in the pantheon of American history. In At Canaan's Edge, King and his movement stand at the zenith of America's defining story, one decade into an epic struggle for the promises of democracy. Branch opens with the authorities' violent suppression of a voting-rights march in Alabama on March 7, 1965. The quest to cross Selma's Edmund Pettus Bridge engages the conscience of the world, strains the civil rights coalition, and embroils King in negotiations with all three branches of the U.S. government. The marches from Selma coincide with the first landing of large U.S. combat units in South Vietnam. The escalation of the war severs the cooperation of King and President Lyndon Johnson after a collaboration that culminated in the landmark 1965 Voting Rights Act. After Selma, young pilgrims led by Stokely Carmichael take the movement into adjacent Lowndes County, Alabama, where not a single member of the black majority has tried to vote in the twentieth century. Freedom workers are murdered, but sharecroppers learn to read, dare to vote, and build their own political party. Carmichael leaves in frustration to proclaim his famous black power doctrine,

taking the local panther ballot symbol to become an icon of armed rebellion. Also after Selma, King takes nonviolence into Northern urban ghettos. Integrated marches through Chicago expose hatreds and fears no less virulent than the Mississippi Klan's, but King's 1966 settlement with Mayor Richard Daley does not gain the kind of national response that generated victories from Birmingham and Selma. We watch King overrule his advisers to bring all his eloquence into dissent from the Vietnam War. We watch King make an embattled decision to concentrate his next campaign on a positive compact to address poverty. We reach Memphis, the garbage workers' strike, and King's assassination. Parting the Waters provided an unsurpassed portrait of King's rise to greatness, beginning with the 1955 Montgomery bus boycott and ending with the assassination of President John F. Kennedy in 1963. In Pillar of Fire, theologians and college students braved the dangerous Mississippi Freedom Summer of 1964 as Malcolm X raised a militant new voice for racial separatism. The Civil Rights Act of 1964 outlawed segregation by race and mandated equal opportunity for women. From the pinnacle of winning the Nobel Peace Prize, King willed himself back to \"the valley\" of jail in his daunting Selma campaign. At Canaan's Edge portrays King at the height of his moral power even as his worldly power is waning. It shows why his fidelity to freedom and nonviolence makes him a defining figure long beyond his brilliant life and violent end.

US: A Narrative History, Volume 1: To 1877

This monumental narrative clarifies, analyses and demystifies the terrible ordeal of the Vietnam war. Free of ideological bias, profound in its understanding and compassionate in its portrayal of humanity, it is filled with fresh revelations drawn from secret documents and from exclusive interviews with the participants - French, American, Vietnamese, Chinese: diplomats, military commanders, high government officials, journalists, nurses, workers and soldiers. The Vietnam war was the most convulsive tragedy of recent times. This is its definitive history.

ACSM's Guidelines for Exercise Testing and Prescription

Using a thematic approach, this concise survey explores the many and varied threads of American history—social, intellectual, cultural, political, diplomatic, economic, and military—from the arrival of the first native American inhabitants thousand of years ago through the crisis following the terrorist attacks on New York and Washington on September 11, 2001. Irwin Unger, a Pulitzer Prize winning author, wrote this book after discovering from his own experiences teaching American History at the University of California at Davis and at NYU, that a thematic approach was much more interesting to students than a purely descriptive one.

The Unfinished Journey

For your classes in American History, McGraw-Hill introduces the latest edition of *U*S: A Narrative History*, part of the acclaimed M Series. The M Series started with you and your students. McGraw-Hill conducted extensive market research to gain insight into students' studying and learning behavior. Students want text programs with visual appeal and content designed according to the way they learn. Instructors desire greater student involvement in the course content without compromising on high quality content. From a known and trusted author team, *U*S: A Narrative History* tells the story of us, the American people, with all the visually engaging, personally involving material that your students want. This innovative text provides instructors with scholarly, succinct, and conventionally organized core content; a highly readable and unified narrative that is continental in scope; and a magazine format that engages students and helps them connect with the nation's past. Plus, *U*S: A Narrative History* now offers *Connect History*, a new web-based assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools that make managing assignments easier and learning and studying more engaging and efficient. For instance, a groundbreaking adaptive questioning diagnostic, *LearnSmart*, provides a personalized study plan for students to ensure that they understand chapter content, while engaging interactivities such as *Critical Missions* involves students deeply in situations as they sharpen their analytical skills and increase their historical understanding. *U*S: A Narrative History* is more current, more portable, and more captivating. Its rigorous and innovative research foundation, plus

Connect History adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

For the Record

In *Facing Facts*, David Shi provides the most comprehensive history to date of the rise of realism in American culture. He vividly captures the character and sweep of this all-encompassing movement - ranging from Winslow Homer to the rise of the Ash Can school, from Whitman to Henry James to Theodore Dreiser. He begins with a look at the antebellum years, when idealistic themes were considered the only fit subject for art (Hawthorne wrote that "the grosser life is a dream, and the spiritual life is a reality"). Whitman's assault on these otherworldly standards coincided with sweeping changes in American society: the bloody Civil War, the aggressive advance of a modern scientific spirit, the emergence of photography and penny newspapers, the expansion of cities, capitalism, and the middle class - all worked to shake the foundations of genteel idealism and sentimental romanticism. The public developed an ever-expanding appetite for concrete facts and for art that accurately depicted them. As Shi proceeds through the nineteenth century, he traces the realist impulse in each major area of arts and letters, combining an astute analysis of the movement's essential themes with incisive portraits of its leading practitioners. Here we see Oliver Wendell Holmes, Jr., shaken to stern realism by the horrors of the Civil War; the influence of Walt Whitman on painter Thomas Eakins and architect Louis Sullivan, a leader of the Chicago school; the local-color verisimilitude of Louisa May Alcott and Sarah Orne Jewett; and the impact of urban squalor on intrepid young writers such as Stephen Crane. In the process of surveying nineteenth-century cultural history, Shi provides fascinating insights into the specific concerns of the realist movement - in particular, the nation's growing obsession with gender roles. Realism, he observes, was in part an effort to revive masculine virtues in the face of effeminate sentimentality and decorous gentility. By the end of the nineteenth century, realism had displaced idealism as the dominant approach in thought and the arts. During the next two decades, however, a new modernist sensibility challenged the fact-devouring emphasis of realism: "Is it not time"

America a Narrative History Brief 9E Volume 1 Ebook Folder

America's History for the AP® Course offers a thematic approach paired with skills-oriented pedagogy to help students succeed in the redesigned AP® U.S. History course. Known for its attention to AP® themes and content, the new edition features a nine part structure that closely aligns with the chronology of the AP® U.S. History course, with every chapter and part ending with AP®-style practice questions.
