Like the book, the CD will be useful in workshops, work-site training, and individual learning. The chapter structure permits work-site training of an hour a day for six weeks. The CD will not be sold separately. From Paso a Paso/Step by Step, Chapter Two

So, the surname by which official records are kept is the first surname

"It is important for Americans and Latinos to understand these differences, to record the correct surname on dental records, consistently. Among Latinos, the first last name is the equivalent of a last name in the US."
