

Maytag Neptune Washer Repair Manual

Washing machine

laundry. The washer was recalled with a class-action lawsuit and pulled off the market. In 2003, Maytag introduced their top-loading Neptune TL FAV6800A

A washing machine (laundry machine, clothes washer, or washer) is a machine designed to launder clothing. The term is mostly applied to machines that use water. Other ways of doing laundry include dry cleaning (which uses alternative cleaning fluids and is performed by specialist businesses) and ultrasonic cleaning.

Modern-day home appliances use electric power to automatically clean clothes. The user adds laundry detergent, which is sold in liquid, powder, or dehydrated sheet form, to the wash water. The machines are also found in commercial laundromats where customers pay-per-use.
